► Community Meeting on Water Quality Planning

The New Mexico Environment Department (NMED) is seeking public input on surface water quality planning activities in the Upper Chama River watershed. The purpose of the meeting is to inform stakeholders of Surface Water Quality Bureau activities and programs. The meeting will also provide a forum for interested parties to ask questions and/or provide comments and to identify watershed needs and priorities.

Upper Chama River Watershed Public Meeting to be held:

Tuesday, July 23rd

6:30 p.m. to 8:30 p.m.

Village of Chama City Hall Conference Room

299 4th Street

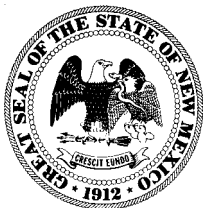

Representatives from the Bureau will discuss

- historical water quality monitoring activities,
- potential grant funds available for stream restoration and Best Management Practice (BMP) implementation (Clean Water Act §319 Grant Program),
- and upcoming development of total maximum daily loads (TMDLs) for the upper Chama River watershed.

PETER MAGGIORE
SECRETARY

**State Environment Department Will Hold Public Meeting to Discuss
Upcoming Watershed Activities in the Upper Chama Watershed**

Representatives of the New Mexico Environment Department's (NMED) Surface Water Quality Bureau (Bureau) will be conducting a public meeting on water quality planning activities for the upper Chama River watershed.

Recognizing the value of working with diverse local interests, the Bureau is seeking input and involvement from local citizens, tribal, and government agencies on upcoming Bureau water quality related activities. The public meeting for upcoming watershed activities in the the upper Chama River watershed will be held on Tuesday, July 23rd at the Village of Chama City Hall Conference Room, 299 4th Street. The meeting will be held from 6:30-8:30 p.m. Everyone is welcome and encouraged to participate. Representatives from the Bureau will discuss historical water quality monitoring activities, potential grant funds available for stream restoration and best management practice (BMP) implementation (Clean Water Act §319 Grant Program), and upcoming development of total maximum daily loads (TMDLs) for the upper Chama River watershed. The purpose of the meeting is to inform stakeholders of Bureau activities and programs. The meeting will also provide a forum for interested parties to ask questions and/or provide comments and to identify watershed needs and priorities.

For further information, please contact Stephanie Stringer in the NMED Surface Water Quality Bureau at P. O. Box 26110, Santa Fe, New Mexico, 87502, or call (505) 827-0418. Additional information can also be found in the SWQB's website at: www.nmenv.state.nm.us/swqb/swqb.html
